

Letter of Recommendation

To whom it may concern,

ESHA, the European School Heads Association, is the organisation for European School Heads. Nearly all European countries (both EU and non-EU) are represented within ESHA by one or more organisations.

ESHA is an international community in which experiences, visions and views between the members are exchanged and in which new ideas are born.

One of our focus areas is Entrepreneurial Education. Through our cooperation with the OECD, we have identified many promising Entrepreneurial initiatives. The OECD has recognized that Entreprenasium is among the top 20 most promising European Entrepreneurial initiatives.

We highly recommend the Entreprenasium as a reference point for Entrepreneurial Education and congratulate the Entreprenasium board with their accomplishments.

Kind regards,

European School Heads Association

European School
Heads Association

Clive Byrne

President
